Document: NSF_FRDOC_0001-DRAFT-0947
Comment on FR Doc # 2025-02305

Submitter Information

Name: Lisa Noble

[REDACTED]

General Comment

Human intelligence comes from the divine. We create using our innate intuition from the One soul within all of us. Deeply contemplating brings divine answers. AI wishes to undermine God. It makes people into frauds, writing books for them etc. It's good for making pictures. But to rely on it for anything that humans could pervert for their own gain, is wrong.
