Docket: NSF_FRDOC_0001

Recently Posted NSF Rules and Notices.

Comment On: NSF_FRDOC_0001-3479

Request for Information: Development of an Artificial Intelligence Action Plan

Document: NSF_FRDOC_0001-DRAFT-1479

Comment on FR Doc # 2025-02305

Submitter Information

Name: Renee di Cherri

Email: [REDACTED]

General Comment

There is a responsible way to use generative technology by crediting contributors, paying for data and copyrighted works. There is also an irresponsible way: stealing that same hard work, ignoring precedence of copyrighted protections, and profiting from it without paying what is rightfully due to creators.

We must protect creators, uphold copyright, and stimulate the economy for all with the appropriate compensation for contribution. It is the only fair and correct way to do this - they only American way.
