Recently Posted NSF Rules and Notices.

Comment On: NSF_FRDOC_0001-3479

Request for Information: Development of an Artificial Intelligence Action Plan

Document: NSF_FRDOC_0001-DRAFT-1552

Comment on FR Doc # 2025-02305

Submitter Information

Name: Cody Avdek

General Comment

Allowing AI companies to scrape copyrighted works without paying for them will completely collapse creative industries not only in the US but also abroad. These technologies barely function, are extremely overhyped, and only function through mass theft and plagiarism. They cannot be allowed to erase copyright law and the rights of creatives so that they can profit for free off of our work. I highly oppose any actions that would allow AI companies to access copyrighted materials without proper agreement between the parties.
