Document: NSF_FRDOC_0001-DRAFT-1621
Comment on FR Doc # 2025-02305

Submitter Information

Name: Alan D

General Comment

Hello,

I believe AI will only cause more issues with the struggles of the creative fields. There are already attacks causing them to live with lower and lower wages. If AI isn't stopped or heavy regulated it will cause distrust of all institutions. There will be porn of every one that has a taken a picture and posted it online. We have seen many cases that have caused suicides of individuals, some of the are children.
