Comment On: NSF_FRDOC_0001-3479
Request for Information: Development of an Artificial Intelligence Action Plan

Document: NSF_FRDOC_0001-DRAFT-1627
Comment on FR Doc # 2025-02305

Submitter Information

Name: Matthew Lareau
Address: United States,

General Comment

Big tech seeks to steal and plagiarize decades of copyrighted material world wide all to increase their bottom line. This AI action plan is their last resort, to destroy copyright law so that they might have unfettered access to copyrighted material without consideration to those who create it.

There is no need for AI to be a priority in this country, and much less a need to make it easier for these companies to steal rightfully owned and created works of Americans.
