Document: NSF_FRDOC_0001-DRAFT-1715
Comment on FR Doc # 2025-02305

Submitter Information

Name: Mason Lutz

[REDACTED]

General Comment

I am concerned that the effect of proliferation of AI will be to continue to enrich the richest among us. If the United States should have a policy on AI, it should be that the bounties of new technology ought to be shared among all, rather than allowing owners of capital to own all of wealth created by it. AI is already stealing from artists across the world, we should tread carefully, not move fast and break things.
