Docket: NSF_FRDOC_0001

Recently Posted NSF Rules and Notices.

Comment On: NSF_FRDOC_0001-3479

Request for Information: Development of an Artificial Intelligence Action Plan

Document: NSF_FRDOC_0001-DRAFT-2407

Comment on FR Doc # 2025-02305

Submitter Information

Name: Anonymous Anonymous

General Comment

Copyright is a foundational part of intellectual property law. AI products aim to directly compete with the products in their data sets. Image generation and LL models may also be used to directly reproduce copyrighted works within their training data. Strong copyright must be protected; AI companies must not be allowed to scrape whatever media they desire with no consequences.
