Docket: NSF_FRDOC_0001
Recently Posted NSF Rules and Notices.

Comment On: NSF_FRDOC_0001-3479
Request for Information: Development of an Artificial Intelligence Action Plan

Document: NSF_FRDOC_0001-DRAFT-2546
Comment on FR Doc # 2025-02305

Submitter Information

Name: C Albert
Address:

General Comment

Speaking as a person who is both a programmer and an artist, I am severely opposed to expanding the permissions private and government entities have in regards to AI. Studies indicate that AI use decays the user's ability to think critically and independently. As such, I believe that AI should be a heavily restricted and monitored technology, regulated in a way similar to leaded paints or nuclear materials.
