Comment On: NSF_FRDOC_0001-3479

Request for Information: Development of an Artificial Intelligence Action Plan

Document: NSF_FRDOC_0001-DRAFT-2557

Comment on FR Doc # 2025-02305

Submitter Information

Name: Hermogenes Rojas

General Comment

To whom it may concern, I believe that Open Source LLMs, limited AI applications and Research & Development in Reasoning Intelligent Agents should proceed in an intelligent and equal opportunity manner to all developers and science thinkers for the common good no matter their countries origins or political affiliations.

The United States and, in fact, the whole world will greatly benefit from the wise application of this proposed Artificial Intelligence Action Plan.
