

PUBLIC SUBMISSION

As of: March 21, 2025
Received: March 15, 2025
Status: [REDACTED]
Tracking No. m8a-ofqw-3efp
Comments Due: March 15, 2025
Submission Type: Web

Docket: NSF_FRDOC_0001

Recently Posted NSF Rules and Notices.

Comment On: NSF_FRDOC_0001-3479

Request for Information: Development of an Artificial Intelligence Action Plan

Document: NSF_FRDOC_0001-DRAFT-2604

Comment on FR Doc # 2025-02305

Submitter Information

Name: Leanna Crossan

General Comment

You must respect copyright and stop the infringement of intellectual property by AI models. None of the companies or governments developing models are weighing the negative ramifications of their product, environmentally or ethically. It does not and will not do what they promise, it is not worth the billions being poured into it to keep it afloat but it will make news less trustworthy, elections more fraught and damage copyright. There are only downsides.
