

PUBLIC SUBMISSION

As of: March 21, 2025
Received: March 15, 2025
Status: [REDACTED]
Tracking No. m8a-pnrc-c9m9
Comments Due: March 15, 2025
Submission Type: API

Docket: NSF_FRDOC_0001
Recently Posted NSF Rules and Notices.

Comment On: NSF_FRDOC_0001-3479
Request for Information: Development of an Artificial Intelligence Action Plan

Document: NSF_FRDOC_0001-DRAFT-2729
Comment on FR Doc # 2025-02305

Submitter Information

Name: Mason Pedersen

General Comment

Generative AI technology as it exists today serves no purpose in aiding the US in any national security front. Right now it is a purely exploitative technology being used by large tech corporations to replace workers and use creatives work without their permission to essentially replace them in the work force. Many countries including China recognize this and are looking for ways to regulate this exploitation to mitigate harm, so should the US.
