General Comment

Please don't allow this! It is against the constitution if you allow this AI simps to steal art and other creative works from talented people, there are other ways to train AI without copyright material, please for don't let these soulless AI assholes break the law and constitution, we creatives want to thrive in the future and inspire generations to come, so please from the bottom of my heart don't allow these companies to use copyright and instead find other methods like synthetic data or something, just please let us creatives and talented live in peace with our works...
