Request for Information: Development of an Artificial Intelligence Action Plan

Document: NSF_FRDOC_0001-DRAFT-2888

Comment on FR Doc # 2025-02305

Submitter Information

Name: Jonathan Lusty

General Comment

NO. Absolutely not. I oppose this in the strongest possible terms. So-called "artificial intelligence" is just plagiarism software. Do you intend to just ignore copyright laws? To violate the basic concept of intellectual property? To steal anyone's work that has ever been put on the internet? NO. This is wrong, this whole scam of a business model and process of information tech is WRONG!
