General Comment

As a freelance artist, AI has NO place in the world. it is a scam, a shill, and is not profitable. Nobody likes it. Nobody likes it forced upon them on EVERY single website. it's been shown generative AI is making people DUMBER, and majority of Americans already can't read above a 6th grade level. Not only that, but it steals the hard work from thousands of artists, replacing them and stealing their jobs, which makes AI make NO money.

Every artist who has had their work stolen has never received financial compensation, and majority of artists are leaving the internet, which means AI will soon have nothing to steal from anyways.

AI HAS NO PLACE IN AMERICA AND SHOULD BE HEAVILT REGULATED WITH STRONGER COPYRIGHTS IN PLACE TO PROTECT THOSE WHO HAVE BEEN STOLEN FROM.

NO AI CLONING FOR VOICE ACTORS, FOR WRITERS, FOR ARTISTS, FOR MUSICIANS--AI IS NOT THE FUTURE.
it is incredibly damaging to the environment on top of it all.
