Docket: NSF_FRDOC_0001

Recently Posted NSF Rules and Notices.

Comment On: NSF_FRDOC_0001-3479

Request for Information: Development of an Artificial Intelligence Action Plan

Document: NSF_FRDOC_0001-DRAFT-3077

Comment on FR Doc # 2025-02305

Submitter Information

Name: Joshua Beck

General Comment

Removing any guardrails would be an infringement on my rights and the rights of all Americans who enjoy the critical protections that copyright provides. Allowing unfettered development in this broad manner is reckless, exploitative, and should not bypass any standard process of legislature under the guise of "national security." Under no uncertain terms, I am completely opposed to ANY guardrails being removed for the development of AI. AI needs more guardrails, not less.
