I implore you. Do not let OpenAI use copyrighted material to train their AI! AI has no place in the future of the U.S, as it is a major threat to the workers, the artists, and the environment! It steals jobs, it steals material, it consumes so much energy, the incompetants in the Government want to implement it to control very sensitive sectors, and potentially put security at risk! Tf anything, AI should be outlawed and Open AI should be shut down or banned from Government affairs. Again, it steals from the livelihood of Americans and profits off theft. You cannot possibly support that.

Please stop OpenAI from being able to make things worse. If you allow them to do continue unimpeded, it's just proof of how many bad people are in the White House.
