Recently Posted NSF Rules and Notices.

Comment On: NSF_FRDOC_0001-3479
Request for Information: Development of an Artificial Intelligence Action Plan

Document: NSF_FRDOC_0001-DRAFT-3394
Comment on FR Doc # 2025-02305

Submitter Information

Name: Bryce Richardson

General Comment

Allowing AI companies free, unfettered use of copyrighted material disenfranchises creators. If they are not able to properly credit and compensate those whose work they use to train their models, then their business should not exist. The wholesale theft of people's works is nothing more than those who run these AI companies refusing to pay their bills to grossly enrich themselves and rob those who cannot fight back.
