Document: NSF_FRDOC_0001-DRAFT-3408

Comment on FR Doc # 2025-02305

Submitter Information

Organization: SDL Residential Design

General Comment

Do not let these AI companies destroy America's copyright and creative soft power dominance. To do so would be like destroying patent laws that protect innovation and keep us competitive, except for cultural power. In such a future, we throw away our advantage and make us weak. I'm seeking a result and voting for those who align with an America strong approach, which means a lot more than just making a small handful of AI companies rich.
