Docket: NSF_FRDOC_0001
Recently Posted NSF Rules and Notices.

Comment On: NSF_FRDOC_0001-3479
Request for Information: Development of an Artificial Intelligence Action Plan

Document: NSF_FRDOC_0001-DRAFT-3423
Comment on FR Doc # 2025-02305

Submitter Information

Name: Kane Baldwin

General Comment

You would eliminate copyright, finish off the shaky system barely holding together any work on the Internet as owned, just so AI may continue to steal anything with no consequences? I'm not AI's biggest enemy, but anything gained by removing all guardrails will be both useless and should be criminal. If they want our data, they can pay us for it or they can make their own.
