Document: NSF_FRDOC_0001-DRAFT-3450

Comment on FR Doc # 2025-02305

Submitter Information

Name: Darci Robinson

[REDACTED]

General Comment

I believe generative AI is a dangerous tool for us. There are entirely too many fake AI posts that go around scamming people, spreading hate/false information, etc. Not to mention it completely steals from actual human artists, and exploits their work without their knowledge. Companies are firing humans, people are losing their jobs, because of AI.

If you care about the people of this country, you would ban AI.
