Request for Information: Development of an Artificial Intelligence Action Plan

Document: NSF_FRDOC_0001-DRAFT-3509

Comment on FR Doc # 2025-02305

Submitter Information

Name: Athena Lamicela

General Comment

AI is a bubble on the verge of popping, and it can't pop soon enough. It has done nothing but negatively impact the lives of people I care about and take away jobs and careers, and what few jobs it does create only exist to further this process. I don't think it has a place in the united states, and i dont think it will last long in china either.
