General Comment

Do not let OpenAI use copyrights material to train their AI, it is STEALING! It steals jobs, it steals material, it consumes so much energy. The Government want to implement it to control very sensitive sectors, if anything, AI should be outlawed and Open AI should be shut down or banned from Government affairs. Again, it steals from the livelihood of Americans and profits off theft. You cannot possibly support that.

Please stop OpenAI from being able to make things worse.

A company that has to steal from Americans to work, is not a company that should exist.
