Document: NSF_FRDOC_0001-DRAFT-3552

Comment on FR Doc # 2025-02305

Submitter Information

Name: Jamie Turner

General Comment

I am firmly against permitting OpenAI or other companies like it to steal the copyrighted works of hardworking creators. Not only are generative AI platforms taking away the livelihood of hardworking Americans, but they have yet to even show profitability. A company that cannot profit without theft is not a viable company, and such organizations have no place in the future of the US. You must not allow this.
