Document: NSF_FRDOC_0001-DRAFT-3557
Comment on FR Doc # 2025-02305

Submitter Information

Name: Janet McNally

[REDACTED]

General Comment

I am a novelist and poet with three published books. I can't imagine in a million years why we would allow AI to train on copyrighted works produced by humans. Whom does this benefit rather than the AI companies and their billionaire owners? Artists deserve to keep the rights to their own work, and we are not consenting for them to be used in this way. This doesn't benefit humanity as a whole.
