General Comment

Do not let OpenAI use copyrights material to train their AI, it is theft. I don't think AI has a place in the future of the U.S, It is a major threat. It steals jobs, it steals material, it consumes so much energy, yet the Government wants to implement it to control very sensitive sectors. If anything, AI should be outlawed and Open AI should be shut down or banned from Government affairs. Again, it steals from the livelihood of Americans and profits off theft.
