Document: NSF_FRDOC_0001-DRAFT-3686

Comment on FR Doc # 2025-02305

Submitter Information

Name: Megan B

General Comment

I do not believe AI has any benefit to the future of American citizens. It is a dangerous way to create any reality the user wishes and can place Americans in compromising situations, positions, or have them saying things that they never did. This can destroy livelihoods and jobs if people have no way to know what is AI and what is reality.
