General Comment

I am begging you to not let OpenAI use copyrights material to train their AI, it is STEALING! I don't think AI has a place in the future of the U.S, I think it is a major threat! It steals jobs, it steals material, it consumes so much energy, the idiots in the Government want to implement it to control very sensitive sectors, if anything, AI should be outlawed and Open AI should be shut down or banned from Government affairs. Again, it steals from the livelihood of Americans and Profits off theft. You cannot possibly support that. Also don't let them use AI for things such as this as they could be used on private information. AI should not be trained on Copyright material as peoples work and lively-hood, it is a disgusting thing to let them be trained on it.

Please stop OpenAI from being able to make things worse. I don't want to be rude, but if you allow them to do what they please, it's just proof of how many bad people are in the White House.
