General Comment

This is such a blatantly bad idea to give AI this much power to steal and lie and ya'll are just okay with that? Why? So you can shave a couple dollars off and make even more money? All your doing is shooting yourself in the foot by instilling distrust in anyone who is aware of this and hurting literally everyone. I hope this weighs on your conscience and makes you reconsider your terrible choices not just here but in working on AI in the first place.
