Request for Information: Development of an Artificial Intelligence Action Plan

Document: NSF_FRDOC_0001-DRAFT-4230

Comment on FR Doc # 2025-02305

Submitter Information

Name: Quinn Bailey

General Comment

“Artificial intelligence” as we know it is a sham - and it’s one based on theft. Companies’ intent with AI is to reduce their reliance on real, homegrown American jobs, to steal hardworking artists and editors and workers’ products with impunity, and to sell the public a product that is consistently broken and wrong. I feel that the current AI craze is antithetical to the American dream itself, and I hope that the government feels the same way.
