Request for Information: Development of an Artificial Intelligence Action Plan

Document: NSF_FRDOC_0001-DRAFT-4318
Comment on FR Doc # 2025-02305

Submitter Information

Name: Phil Wrede

Email: [REDACTED]

General Comment

Absolutely not. Giving government sanction and cover to the mass seizure, theft, and devaluation of human thought, ingenuity, creativity, inspiration, and labor is unconscionable. The government should be acting to protect the sum total of human intellectual undertaking, not to funnel it over to computer programs that hoover it up and spit it back out, worse in every conceivable way.
