General Comment

So Essentially what you are trying to do is let these people just go ahead and use the internet to steal the work from hard working artist, photographers, Videographers, and so many people who post content on the World Wide Web. I am begging you to please, do not let them have fair use because all they are doing. Is taking from images, and reforming them into a "new image". You are opening a cesspool for damaging the arts or humanity and I think it will damage quality. Again do not loosening the stuff on AI, protect your artists, your actors, PROTECT THE PEOPLES WORK
