Recently Posted NSF Rules and Notices.

Comment On: NSF_FRDOC_0001-3479
Request for Information: Development of an Artificial Intelligence Action Plan

Document: NSF_FRDOC_0001-DRAFT-4491
Comment on FR Doc # 2025-02305

Submitter Information

Name: Cass Horton

[REDACTED]

General Comment

Software development like the large language models we're calling "artificial intelligence" as a marketing term should not get a pass on paying right holders their due for the use and derivative works of their properly. There is a path for "AI" to be developed without enabling wholesale theft from artists, publishers and other creators.
