Document: NSF_FRDOC_0001-DRAFT-4497
Comment on FR Doc # 2025-02305

Submitter Information

Name: Joshua Smith

[REDACTED]

General Comment

It is against the nature of intellectual property to allow AI models to train on copyrighted works without any compensation to the original creators. This would spell disaster for the creator economy and the arts in America. Artists absolutely shouldn't be sacrificed at the altar of "ensuring US dominance in AI."
