General Comment

The purpose of Executive Order 14179 is to legalize the theft of intellectual property of the American people. Executive Order 14179 disguises this fact by calling the protections of the intellectual property of the American people a "barrier to American leadership." It is noted that these protections are, in fact, a barrier to dictatorship. As such, Executive Order 14179 and compliance therewith are attacks on the rights of the American people.
