Comment On: NSF_FRDOC_0001-3479

Request for Information: Development of an Artificial Intelligence Action Plan

Document: NSF_FRDOC_0001-DRAFT-4743

Comment on FR Doc # 2025-02305

Submitter Information

Name: Vincent Baucio

Address: United States,

General Comment

* I do not believe AI holds a place in the future of the US.

* AI steals from my livelihood as an American and profits off of theft.

* The prospects of AI are overtly sensationalized and praised, and is fleecing the eyes of the American public. All generative AI aims to do is pilfer from already existing works, generating an inferior product, making humanity feeble, incompetent, and robbing Americans of jobs and the desire or passion to work.
