Document: NSF_FRDOC_0001-DRAFT-4770
Comment on FR Doc # 2025-02305

Submitter Information

Name: Liana Dolan

[REDACTED]

General Comment

AI is a tool that steals intellectual property, creative works, and even water and electricity. It's place should be limited, regulated, and rigorously evaluated to ensure it is not stealing wages/profits from others or harming people by existing/running.

It can't replace human creativity and ingenuity, and even if it could, it shouldn't.
