General Comment

I am lucky to have found out about the secret goings on of this bill when I did to voice my outrage for myself and thousands of other hardworking artists who make an income off of the work they do. To pass a bill that allows AI software to legally STEAL a human beings creation to "train" off of is deplorable and abhorrent. Some stupid machines should not have the right to steal someone's art and put a person out of a job. Not to mention, all AI creations I have seen thus far are disgusting in every sense of the word. It cannot nor will EVER take the place of a human artist or authentically replicate what they do. This, to me, is like someone breaking into a house, stealing a family's property, and leaving with no repercussions or consequences. Is THAT legal?? NO!! Nor should this bill be legal!! These fat cats who want to pump out more content faster to line their pockets need to keep far away from artists, voice actors, and writers. It sickens me to see what this country is becoming because of greed. I have made sure to share this around publicly so that others may comment on the matter. This bill is repulsive, repugnant, vile, and tasteless. I won't let AI get its hands on real art made by hardworking, talented people...MYSELF INCLUDED!!! STOP THIS BILL TODAY!!!
