General Comment

That video of trump sucking elon's toes? yeah that will happen ALOT more if this measure is to go through. This action plan would allow AI companies to steal and use other people's work without permission. This will not make us the "Leader" of AI. Nobody wants AI anymore because it has peaked in what it can be useful for. The only thing this measure will do will allow more deepfakes, create even more chaotic news to happen to gullible people and make very unethical practices the norm.
