Recently Posted NSF Rules and Notices.

Comment On: NSF_FRDOC_0001-3479

Request for Information: Development of an Artificial Intelligence Action Plan

Document: NSF_FRDOC_0001-DRAFT-4866

Comment on FR Doc # 2025-02305

Submitter Information

Name: Marcus Hurlbert

General Comment

AI has been adopted and applied for too recklessly, and the affects are now readily apparent as false information generated by AI floods the internet. In the process and enormous amounts of theft and unauthorized use of copyright has taken place to train AI. No exception or exemption to the law should be granted to AI development and restrictions must be put in place to limit the current and ongoing harm of AI generated misinformation
