General Comment

DO NOT REVOKE Executive Order 14110 of October 30, 2023 (Safe, Secure, and Trustworthy Development and Use of Artificial Intelligence.). Sometimes, I think that the people running our government right now have absolutely no brain cells. Do not make OpenAI immune from copyright infringement. That would be absolutely stupid. Use your brains for once in your life. You went to school. You were taught to think. I'm assuming you got a degree from a university. So use that big, hopefully wrinkly brain of yours and do not revoke EO 14110 of October 30, 2023. Don't be smoothbrain.
