Recently Posted NSF Rules and Notices.

Comment On: NSF_FRDOC_0001-3479

Request for Information: Development of an Artificial Intelligence Action Plan

Document: NSF_FRDOC_0001-DRAFT-5048

Comment on FR Doc # 2025-02305

Submitter Information

Name: Spoon Bear

General Comment

AI is harmful, a waste of vast amounts of energy, and is just taking American jobs from hardworking people and destroying the arts and integrity of artistic expression in the process. If you allow AI companies to train their software on products and IPs they do not own; this will greatly impact the livelihood of so many artist and studios all for the sake of saving a few bucks with software that consumes unsustainable amounts of necessary resources.
