Request for Information: Development of an Artificial Intelligence Action Plan

Document: NSF_FRDOC_0001-DRAFT-5093
Comment on FR Doc # 2025-02305

Submitter Information

Name: Jessica Goodsell
Address: United States,

General Comment

Allowing Artificial Intelligence to be trained on copyrighted materials without permission from the materials' owner(s) is theft, it will further weaken the US economy, and it has no place in the US. Creative businesses that actually invest in their own work and people instead of faking it with AI will suffer. Stealing other people's ideas and work in order to profit from them should not, must not become the American way.
