

PUBLIC SUBMISSION

As of: March 21, 2025
Received: March 15, 2025
Status: [REDACTED]
Tracking No. m8a-yk7b-bzqp
Comments Due: March 15, 2025
Submission Type: API

Docket: NSF_FRDOC_0001
Recently Posted NSF Rules and Notices.

Comment On: NSF_FRDOC_0001-3479
Request for Information: Development of an Artificial Intelligence Action Plan

Document: NSF_FRDOC_0001-DRAFT-5108
Comment on FR Doc # 2025-02305

Submitter Information

Name: Rebecca Justiniano

[REDACTED]

General Comment

Large language models (which are not intelligent) and other versions of AI should not be allowed to use copyrighted material for training without the copyright holder's consent. These models basically use copy and paste to put their training data into "new" forms and call it original. It's not original. Copyright infringement is a serious issue that affects the ability of actual creators to sell their work and thus survive in our current environment.
