

PUBLIC SUBMISSION

As of: March 21, 2025
Received: March 15, 2025
Status: [REDACTED]
Tracking No. m8a-yowg-ju9z
Comments Due: March 15, 2025
Submission Type: API

Docket: NSF_FRDOC_0001
Recently Posted NSF Rules and Notices.

Comment On: NSF_FRDOC_0001-3479
Request for Information: Development of an Artificial Intelligence Action Plan

Document: NSF_FRDOC_0001-DRAFT-5210
Comment on FR Doc # 2025-02305

Submitter Information

Name: Sean Dick
Email: [REDACTED]

General Comment

If there is a carve-out for generative AI to train on works and reproduce pieces of them whole cloth there might as well be no copyright law at all. Current and predicted future models can't even cite where the works came from. Current copyright law doesn't even allow you claim ownership of works produced by an AI, AI certainly should not be able to claim ownership of the work of a human.
