Request for Information: Development of an Artificial Intelligence Action Plan

Document: NSF_FRDOC_0001-DRAFT-5322

Comment on FR Doc # 2025-02305

Submitter Information

Name: Zesar Flores

General Comment

Please consider that AI is used to steal the hard work of citizens and can be very detrimental to work spaces. Many have already felt the negative effects of AI, such as it being used to plagiarize work. There should be strict guidelines in place to prevent AI from being used for whatever purposes users deem fit. The priority should be to protect real, hard working humans from AI. We should not be enabling AI to openly steal from Humans.
