No don't it's dumb, stop ,don't . How could you . It bad . Why is stealing legal now . What happens when the ai steal from the ai in an endless slop of garbage. When ai fake images are made of you and everyone you know . The tech is getting better you won't be able to tell the difference later . Your just appealing to some one with money . It's a zombie for of art and creativity. The destruction of jobs and careers for a rich guy and a robot . You job could also easily be replaced by ai . If just digging your own grave and the grave of everyone else .
