Request for Information: Development of an Artificial Intelligence Action Plan

Document: NSF_FRDOC_0001-DRAFT-5359
Comment on FR Doc # 2025-02305

Submitter Information

Name: David Wilkinson

General Comment

I do not believe unregulated AI is safe for America. AI companies profit off of stolen information, any normal person would be prosecuted for far less copyright infringement than AI companies. Not only that, AI is a wasteful use of energy that is draining valuable electricity and water.
