General Comment

I absolutely do not want this. Copyright law demands that we do not allow AI to have free reign to train their AI on works without consent. This is a travesty and should not be allowed.

You are essentially asking for the hard work and training of artists, writers, and other creatives to be allowed to be stolen. Do not allow this!

- * I do not believe AI holds a place in the future of the US
- * AI steals from my livelihood as an American and profits off of theft
- * AI is overhyped and is fleecing the eyes of the American public.

If you want America to remain the best of the best, then this cannot be allowed. You would discourage American innovation in favor of cheap knockoffs. Be better than other countries.
