Request for Information: Development of an Artificial Intelligence Action Plan

Document: NSF_FRDOC_0001-DRAFT-5499
Comment on FR Doc # 2025-02305

Submitter Information

Name: Kevin Neal

General Comment

Generative AI has no place in the world of human creativity.

Going through with this will set creative expression back hundreds, if not thousands of years. And for what? The next iteration of soulless IP cashgrabs?

One needs to support creatives instead of stealing from them for personal gain. We were not raised to be thieves.
