Request for Information: Development of an Artificial Intelligence Action Plan

Document: NSF_FRDOC_0001-DRAFT-5512
Comment on FR Doc # 2025-02305

Submitter Information

Name: Christina Dierkes
Email: [REDACTED]

General Comment

Generative AI is theft, and should be treated as such. We don't need an AI action plan for implementation, we need an action plan to limit the power of AI companies to the point where this ridiculous technology crashes and burns as it deserves. The companies themselves have said they can't exist if they have to pay for training material - sounds to me like they shouldn't pretend to be in business anymore.
